## DODGE COUNTY EMERGENCY RESPONSE TEAM

2010

### ANNUAL REPORT

To: Dodge County Sheriff and Emergency Management  
Area law enforcement and public safety agencies  
Local media

The Dodge County Emergency Response Team is pleased to present our annual report for 2010. There was again a large increase in the number of events and incidents worked. Most of this is attributable to the doubling of law enforcement call outs. This increase is due to the implementation of the Traffic Incident Management (TIM) team and response truck. The TIM program is designed to increase the safety of responders and victims at highway incidents and the efficient flow of traffic. TIM truck 170 carries forty 18" cones, 8 rollup signs, and 8 arrow barricades.

DCERT provided support to a number of parades and incidents in the City of Beaver Dam during the year, putting in 251 hours in the City. This compares with 12 hours in 2009.
